Re: Laser treatment

Dear Dr. Kahn,,
I don't know how much I can thank you for the laser treatment that I have been getting from you this year.
Everyone told me I was not going to be able get back and play this year when I was injured on my left knee this summer which would have taken couple of months just to heal.
But, I was able to get back on the field and play in about ten days and play through the season with your laser treatment.

Amazingly, I won the MVP award for the Post Season Playoff, hitting all three games winning runs for my team.
Without your laser treatment, it would have been impossible for any of those things.

I wish you and your company great success and I have no doubt in my mind your laser is the best treatment I have ever gotten.

I will ensure you that I will recommend your product to any fellow player or teams.

Again, many thanks to your support.

Sincerely yours,

Mendy Lopez
